RE: NX-ON Biostatic Coating at the Lamar County Health Department

Dear Mr. Stone,

The 90 Day germ-free NX-ON Biostatic Coating is helping to protect the clients of the Lamar County Health Department from cross-contamination of germs and viruses brought into the environment. Keeping our clients safe and healthy is a high priority at our clinic.

Thank you for helping make our environment safer for our clients.

Sincerely,

Sherry Farr, RN, County Nurse Manager

Lamar County Health Department
